The grammy awards created in 1958 , also known as the Grammys are an annual award given by the national academy of recording arts and science . The purpose of this award is to honor the best artists and technicians in the field of music in the American industry . The Grammys had their origins in the Hollywood walk of fame project in the 1950 s . After deciding to go forward with such awards , one question remained . This question was : What to call them ? The name was chosen by a vote where 300 people submitted the name « Grammy » . At the 62nd Grammy awards that took place this September , multiple singers won awards like Harry Styles , Billie Eilish or Taylor Swift .
